

the **elite petite**
baby photo program

{modern photography by Shannon Tacheny}

Your baby is *elite*, one of a kind. *All yours*. A tiny *individual*.

Your baby deserves photography that is as unique as he or she is, to capture the personality that is already there. The personality that melts your heart with a single smile or the wiggle of a toe.

In the blink of an eye, your baby grows, changes, moves.
They smile, sit, crawl, and walk...

Don't miss a thing. Capture each precious moment with exceptional photography by Shannon Tacheny of Feather Blue Studios. With a modern flair and editorial style, Shannon offers the photographic quality, creativity, and experience you desire for your new little one.
