STUDIO looks are shot in Shannon's Como Park area studio and *OUTDOOR* looks are shot at Como Park or the urban streets near Grand Ave. (A travel fee may apply to shoot on location elsewhere).

Look = change of clothes (and hair/makeup if applicable)

All sessions include shoot time, custom color-correcting & image enhancing, an online proof gallery, and a post-shoot viewing/ordering appointment (about 10-14 days after your shoot). Prints are ordered separately. Bonus -- each session includes 2+ logo-tagged facebook "digital-minis" for you to post online.

A **hair & makeup artist** is available for an additional fee, starting at \$50. If interested, please let us know ASAP so we can check makeup artist availability.

Sessions during the school year can take place in afternoons, early evenings, or off-school days, with occasional Saturdays available. Sessions during the summer months are generally done weekdays during daytime business hours, with limited evenings & Saturdays available as well.

A **\$50 deposit** is required to hold Saturday session & may be required for all sessions during peak season dates. The deposit will be credited toward your session fee. The deposit is non-refundable, but completely transferable to another date if notification is made within 24 hours before the scheduled date. Balance or payment for all other sessions is due at the time of the session (via cash, check or credit card).

Print Investment

Ordering made simple: purchase your prints entirely a la carte, with no minimum order. Quantity discounts are available. Or create a custom, specialty collection (starting at apx \$450) to receive discounts and bonuses.
