Policies & Procedures

Pre-shoot consultations are available but not required. If you want to discuss wardrobe ideas, backgrounds, final products, or just get a feel for the studio, please feel free to schedule a consultation to meet with us.

Clothing is important to your session. If you want advice in this area, clothing choices can be discussed at a pre-shoot consult. (New clients ~ request a "portrait wardrobe guide" pdf for you to get inspired!)

Sessions are relaxed and meant to capture the less-posed natural expressions we all have to share along with mixes of modern posing and minimal props. Breaks are allowed and often encouraged. Children will be encouraged to laugh, jump, dance, & play. Silly faces welcome. Having fun is key.

Payment for your session is required at the time of your shoot. Payment can be made by cash, check, or any major credit card. Payment for prints is expected at the time of ordering and can be made in the same way.

A post-session viewing appointment at the studio is required and will take place approximately 2 weeks after your session. This will allow you to view your images in a larger format on a calibrated computer screen where your images will look their best, as well as help you with ordering decisions, product layouts, etc.

Ordering can be done immediately at the viewing appointment to give you help with the decision making process and ensure you will get your prints as quickly as possible. While ordering at the viewing appointment is not required, there are pricing and product incentives if you do place your order at that time. Please plan on bringing all persons involved in ordering decisions that day. This is a fun, relaxed appointment.

An online gallery will go up once your ordering appointment is complete. This will allow you to send the link to friends and family all over the world who can share in the excitement of your images and place an order directly online if they wish. Your gallery will be up for just two weeks, so if you don't place your order at the viewing appointment, please make a point of doing it in that time. There will be a \$15 fee to reinstate your gallery for an additional two weeks.

Prints orders will arrive within 3 weeks (sometimes less). Framing and specialty products may take 3-6 weeks. We appreciate your patience, as perfection takes time. :) If you do need your order processed more quickly, please ask us about rush fees based on your timeline.

We guarantee you will be thrilled with your session and your prints. Please contact us for more details. We look forward to working with you!
